

REPUBLICANS TURNED OUT

Large and Enthusiastic Attendance at the Ward Primaries Last Night.

Delegates Named for Three Conventions—Democratic Rally and Convention That Fell Through.

The primaries for the election of delegates to the congressional, joint senatorial and joint representative conventions were held last night in the various wards. There was a large attendance, but no disorder marked the general enthusiasm manifested. In many of the wards the delegates selected were authorized to represent their wards at all three of the conventions. In the Fifth ward the delegates selected, as shown below, were empowered to select delegates from their own number to attend the joint representative convention. The fourteenth ward primary postponed the selection of delegates to the joint senatorial until next Friday night. In the eighteenth ward the delegates were instructed to select their own alternates. Following is a list of the delegates, so far as reported:

A Democratic "House."
Senator Turpie and Congressman Eymum and Bretz addressed a "campaign opener"

at Worthington, which the Sentinel describes as a "rousing" meeting, and uses other stock terms which of themselves sound insincere. "The truth is," said a citizen of that county yesterday at the State-house, "the meeting was deplorably attended. It was in no sense an outdoor, and the distinguished speakers must have felt humiliated and alarmed as party leaders at the indifference shown. There was no enthusiasm shown. Senator Turpie confined himself to the McKinley law and to the Lodge bill, making practically the same speech as he made two years ago, when the people did not know the facts themselves. Lyman and Litz did their best to patch up the Democratic record in Congress and to defend the Democratic free-trade plank. There is no gain to follow these speeches in my county. Senator Turpie showed that his record about the effect of the old tariff party vote upon the Democracy by arguing that there is no need of a third party. Republicans were much encouraged by the attendance and effect of this meeting."

Their Convention Failed.
The report comes to the State Democratic headquarters that the Democracy of Jefferson county made an utter failure day before yesterday in the attempt to hold a convention. There were not enough Democrats present to warrant an organization, and an adjournment was taken sine die. The People's party has out so deeply into the Jefferson Democracy that it was thought best to make no nominations. The word was passed about for the faithful to vote for the third-party candidates, in the hope of securing the slight Republican majority in the county. This cut-throat style of fusion, which the convention did not dare endorse, was resented by many of the old-line Democrats, and it is certain the scheme will be defeated. The state of affairs in Jefferson is causing a loss of sleep to Chairman Baggart, and the usually imperturbable Joe Kelly, secretary, is much disturbed by the party's outlook in southern Indiana.

Eight-Ward Republican Club.
The Republicans of the Eighth ward held a meeting last night, and completed temporary organization for a Republican club of that ward, with Gen. Fred Knicker as temporary chairman and A. M. Arbush as temporary secretary. A meeting to complete the organization will be held on Wednesday evening, August 31, at a place to be designated by the chairman.

STRUCK A BRILLIANT IDEA

Chicago Iron Halls Will Divide Up Their Reserve Funds and Dissolve.

Thus Escaping the Receivership—Courts in New York and Pennsylvania Act—Application in Massachusetts.

Somerby's scheme of getting the best of the receiver appointed by Judge Taylor for the Iron Hall has finally developed. Since his visit to Chicago, officers of the seventeen Iron Hall lodges there have determined to hold on to their reserve funds without going through any legal formalities. Members have reached the conclusion that the order has collapsed and that the best plan is to get all they can out of it. Accordingly, the reserve funds, which range from \$800 to \$1,500, will be distributed among the paying members, and the local officers will resign, leaving nobody responsible to the Indianapolis receiver. As the paying membership of the Chicago lodges has dwindled to small numbers these dividing the funds will fare well.

If this plan is followed very extensively it will make it difficult, if not almost impossible, for Receiver Bailey to get control of the reserve funds of such branches. This may be a little rough on the attorneys, but the Indiana members would not be sorry about it. "So much the better for people here," said one of the speakers, "when this scheme was explained to him last night. 'We have the bulk of the money here, and the more that withdraw the more there is left for those who remain under this receivership.'"

More Receivers Appointed.
While some branches are asking for receivers in their States and others will probably follow the lead of the Chicago members, the great bulk of the members are waiting to see what will develop. Three representatives of different cities arrived here yesterday, with discretionary powers from their branches to either pay or decline to pay over reserve funds. These were E. T. Duckert, of New Orleans; W. E. Hunt, of Buffalo, and M. H. McMahon, of Philadelphia. Word was received yesterday afternoon that a representative of the New York city and Brooklyn branches was on his way, but he failed to appear during the night. His name would be unnecessary, as he is also one of Messrs. Hunt and McMahon. The matter was taken out of their hands yesterday by their State courts. Justice O'Brien, of New York city, yesterday appointed George E. Glines temporary receiver of the property in that State. Yesterday afternoon at Philadelphia Judge Greig appointed District Attorney Graham receiver of the Iron Hall in Pennsylvania. The appointment was made under both bills in equity. The judge is also a member of the order.

Proceedings have been begun in the Court of Insolvency for Vermont against the Supreme Sitting in Vermont. An injunction has been granted. The appointment of a receiver was deferred by the court.

The courts of Massachusetts are to be asked to appoint a receiver for that part of the order which is within the jurisdiction of the Massachusetts courts. The application is to be made in the Supreme Court, and it is probable that the papers will be presented by the members of the Hyde Park Branch, the other branches in the State being invited to participate under the one prosecution.

Denounced as a Pack of Thieves.
At a meeting of the members of the branches of the order in Detroit, several motions were made and lost as to the manner in which the members of the order should proceed to secure the funds still in the State of Michigan. The different views expressed were finally united in a resolution that it was the sense of the meeting that each branch appoint as a joint committee one delegate for each forty members and major fraction, such delegates to be empowered and have charge of the interests of the order in Detroit. Somerby and the other supreme officers were denounced as a pack of thieves by those who spoke.

Suggestion of a Federal Receiver.
The suggestion comes from the seven local branches of the Order of the Iron Hall in Nashville that there should be a conference of delegates from the principal cities of the country at some central point, looking to the appointment of a receiver from the federal courts instead of the receiver which has been appointed under the laws of Indiana. In this connection it is pertinent to recall that the attorneys for the plaintiffs would have filed the suit in the federal court, except that their clients and the defendant were both residents of the State. It was not easy at the time to find a non-resident member to stand in position of plaintiff.

Investigating the Books.
Work of straitening things out at the Iron Hall headquarters progress slowly, though Receiver Bailey, Harold Taylor, Otto Frenzel, and Supervisors Walker and Davis and a couple of clerks are kept hard at work. The day was spent yesterday in checking up warrants. A thorough investigation of the books of the supreme officers, accountants and cashier's offices has been instituted in order that the receiver may know what accounts are outstanding.

TWO GREEK SYMPOSIA

College Fraternities End Their Conventions with Banquets at the Denison.

Both Were Handsome Affairs—Professor Miller's Sketch—Officers Elected—Governor Chase Addresses the Sisters.

The conventions of both the college fraternities, Sigma Chi and Kappa Kappa Gamma, closed last night with banquets at the Denison. Both were very droll affairs, and such a collection of handsome young men and fair young women has seldom been seen at an Indianapolis hostelry.

The "Sigs" began their spread at 10 o'clock, sitting down to an elaborately decorated table filled with good things. The event of the banquet was the reading of a sketch by Prof. M. Miller, of Princeton, called "The Little Socialist." The paper was part of a more extended lecture upon various phases of European socialism. The scene was laid in Paris, and there was an intermingling of romance centering about the grave of the poet Heine, with literary references, and something of a study of the temperance of socialism in Paris at present. It was a thoroughly artistic bit of work, and contained a remarkably sympathetic and true translation of "The Weaver," one of the most characteristic bits of verse from Heine's pen. The rest of the program of toasts was as follows, under the direction of Howard Q. Keyworth, toastmaster:

"What Are We Here For?"—R. K. Ireland

"The Fraternity Idea"—Charles Alling, Jr.

"The Best of the Society"—Dr. R. Farnham

"The World's Fair"—Dr. R. Farnham

"The Kappa Kappa Gamma"—V. Moore

"The Old Fraternity Sied"—F. M. Thomas

"The Silent Sig"—George A. Ade

"The Silent Sig"—F. M. Thomas

Aside from these, a number of members were called upon for extempore talks, and the festivity was continued until a late hour.

Kappa Kappa's Banquet.
The week's festivities closed last night with a grand banquet at the Denison. The spread was in Parlor 5, and sixty-five "Kaps" sat down to an elaborate menu. The tables were ornamented with baskets of flowers, and at each place was a corsage bouquet of roses. Suspended from the chandelier, which was festooned with amaranth, was a key of purple flowers, and on one of the walls was a picture of the society's flowers. Each guest had a toast card with a Kappa cut, the monogram date, 1870, a scroll with the society's motto, and a jeweled key, and a copy of college songs. At 10 o'clock the company was seated. At a late hour Marshall Miss Kate Hadley, toastmistress, in a happy speech, introduced the speakers, and the names of those who were to respond.

The Ideal Kappa.
"Insight as keen as frosty star
Is to her charity no bar."
"A voice shall flash down and bid force cease,
And sweep away life's visionary stir."

The Council.
"Who comprehends his trust and to the same
Keeps faith with a singleness of aim."

The Convention.
"A life is a chord in the eternal harmonies."
"Your spirit kindles at the fire of thine,
And I am somewhat greater than I was."

Alumnae.
"Learned as should great
My and youth, the star not yet distinct
Above his hair, the learning at my feet."

The "Key" and the Lock.
"Every door is barred with gold
And opens but to golden keys."

The Joy of a Secretary.
She grasped the pen with willing hand,
For mighty was her wit,
And to that brave, heroic band
She wrote, and wrote, and wrote.

The Columbian Anniversary.
"Columbus sailed the ocean blue
In fourteen hundred and ninety-two."
To find a land where we may chant,
At Koral Athanas.

Woman, the Latest Factor in Civilization.
"To free or keep, to live and learn, and be
All that has distinguished womanhood."

The Friends of Kappa Kappa Gamma.
"Those who are kindest when fortune is blindest,
They shall be first in the songs that we sing."

The responses were made by Miss Jean Naleck, Miss Evelyn Wright, Miss Martha Dorsey, Miss Gertrude Small, Miss Emily Bright and Miss Myra Tubbs.

Many of the delegates and visitors returned home yesterday, and the next day to-day several will take the examination for the second degree, which is a new feature in the society's work, and with this the eleventh national convention of the Kappa Kappa Gamma.

Kappa Kappa Gamma's Session.
The busiest day of the convention was yesterday. From 9 to 12 and from 2 to 6 the delegates were actively engaged at the State-house. The Kappas became a committee of the whole and extended an invitation to Governor Chase to visit and address them. The special committee bearing the invitation was Miss Emily Bright, the grand secretary; Miss Letitia Newcomb, of Butler; Miss Martha Dorsey, of the State University; and Miss Sadie Montgomery, of Delmar.

Delmar leaves here tomorrow morning with his escort went to the House of Representatives, where he was introduced to the grand president, Miss Wright, and by her, to the other members of the convention, which he happily did, being cordial in his expressions to them. This is the first time any one has ever been introduced to the members of the convention during any session. In the afternoon the visitors accepted the invitation of the water company for a ride on the steamer to Broad River, which they took in company with Sigma Chi visitors. At a late hour the nominating committee presented its list of nominees, and the following was the result:

President—Emily Hudson Bright, Boston, Mass.
Secretary—Mabel Austin, Minneapolis.
Treasurer—Nita Ansell, Kansas.
Registrar—Annie Mosenthal, Bloomington, Ind.

Marshal—Gertrude Robinson, Wooster, O.
The place of the next meeting in 1894, will be Wooster, O.

Work of the Sigma Chi.
The old Alpha Chapter at Miami University, Oxford, O., was granted a new charter at yesterday morning's session of the Sigma Chi. A chapter was also granted to the Hobart College, Geneva, N. Y. The officers' reports showed that the Sigma Chi had forty-one chapters, with a membership of 487. The afternoon session was held just soon enough for the members to get together and unanimously accept the water company's invitation to take a boat-ride on the canal, and discuss the plans for the next session.

The matter was not settled further than that it will be held somewhere in the South, with the chances in favor of Richmond, Va. The place was left to the decision of the grand masters. An evening session was held before the banquet, and the grand officers were authorized to call a convention at Chicago during the world's fair, if they saw fit to do so. The result of the election of officers was as follows:

Grand Council—Reginald Fendall, Washington Alumni Chapter.
Grand Master—Charles Alling, Jr., of Chicago Alumni Chapter.
Grand Annotator—W. T. Alden, of Omega, Northwestern.

First Province—J. B. McPherson.
Second Province—George Deane, N. Y.
Third Province—George Harper.
Fourth Province—C. D. Eison.
Fifth Province—C. A. Fisk.
Sixth Province—J. C. Dixon.
Seventh Province—W. B. Ricks.

The grand triumvirate is composed of Grand Tribune Charles Alling, Grand Treasurer C. N. Tate and Grand Prior of the Fifth Province C. A. Fisk.

Backed Up His Demand.
On the slate at the police station appears the name of John L. Loran. After it are

three charges, drunkenness, drawing deadly weapons and carrying concealed weapons. Officer Robinson, who arrested him, says that yesterday morning Logan went to a boarding-house on South Tennessee street and demanded a meal. When he was refused to draw a revolver and started to enforce his demands. About this time the officer appeared upon the scene and arrested him. When searched at the station-house, a knife, a razor and the revolver were found upon him.

OLAF OLSEN WILL RESIGN

Some Other Aspiring Democrat Can Then Secure His Place in the Council.

He Will Remove into the Mayor's Old Residence in the Third Ward—Estimates of the Boards—Mr. DeFreez Sat Upon.

It is the unforeseen that always happens. Councilman Olaf R. Olsen intends to retire from politics, and in a very short time will send in his resignation to the Common Council. This step is made necessary by the fact that Mr. Olsen has purchased Mayor Sullivan's old residence, at the corner of St. Clair and Tennessee streets, and will, in a few days, be a full-fledged resident of the Third ward.

Anybody can see that Mr. Olsen is sincere in his intention to retire from local politics from the fact that he is to move into the Third ward. Once there, and with his present political affiliation, it would be impossible for him to ever again occupy a seat in the Council. He doubtless foresees this fact, and is perfectly resigned to his fate. Mr. Olsen's retirement from the Council will make necessary the calling of a special election to select his successor, which will cost the people the neat little sum of \$10,000. This is one of the main matters that Controller Woolen is now worried about, and he will recommend to the city legislative committee an amendment to the city charter providing for less costly operation. If Simeon Coy but lived in the Thirteenth ward now, instead of the Eleventh, his chances for again being a prominent figure in the halls of city legislation would be real good.

They Want More Money.

The estimates proposed by the Board of Public Works and the Board of Public Safety of the amount of money necessary to run those departments for the fiscal year beginning Sept. 1 are now in the hands of Controller Woolen. The indications are that it will cost considerably more money to run the city next year than it has in the past. The Board of Public Works asks for \$100,000 for street improvements, the same amount it asked for last year, but which was cut down by the Council to \$80,000. The board has made a demand that the estimate for street improvements stand as it is sent to the Council. Whether this demand will be heeded or not seems to be a question.

The estimate of the Board of Public Safety is also considerably larger than it was last year. President Hays says he is not sure whether the board is asking for too much money, but he is necessary for the proper management of the department. The estimate of this board calls for enough money to purchase ground for a new West market.

After Controller Woolen goes over the estimates and cuts them down with his economic hand he will submit them to the Council in his annual report.

Mr. DeFreez Sat Upon.
A long time ago two petitions were filed with the Board of Public Works for street improvements. One was for the improvement, with asphalt, of Delaware street, from Massachusetts avenue to South street, and the other for the improvement, with asphalt, of Broadway, from St. Clair street north to Seventh street. At the time no action was taken, but yesterday morning two letters were written by the clerk of the board. They were addressed to City Engineer Mansfield, instructing him to prepare the necessary papers for the above improvements, and were signed in each instance by Mr. DeFreez. Messrs. Condit and Sherer, however, sat down upon the attempt to order the improvements, and the matter was indefinitely postponed.

Another Harmless Paper-Wad.
John P. Frenzel, supreme justice of the Citizens' Street-railroad Company, still ignores the authority that makes everybody else tremble. Yesterday he was favored with the following letter from the Board of Public Works:

We respectfully request you to at once reply to our recent letter asking as to whether you desire to maintain the present status of the Circle street, Meridian street and Market street. Some of these "recent" letters were written months ago.

Property-Owners Object.
A number of property-owners entered a vigorous protest against the board allowing Vandever Bros. to construct scales in the alley running from Virginia avenue to Hoosier street, between Grove and Cedar streets. The protest was signed by the property-owners, and the board is now constantly under fire by vehicles and foot-passengers. The remonstrance was referred to the city engineer.

A Sample Alley.
City Engineer Mansfield reported to the board that the condition of the alley between Walnut and St. Clair streets near Illinois street is due to the bowlders being out of surface. He also said the alley was overrun with weeds, and recommended a brick or broken stone or stone foundation. The street commissioner was ordered to cut down the weeds.

Will Remove the Tracks.
Mayor Sullivan has received positive notice from the Big Four Railroad Company that its tracks will be taken up from Louisiana street before Sept. 1. This afternoon the viaduct committee will hold a meeting to appoint a day for holding the celebration over the completion of the structure.

A Gutterless Street.
The city engineer reported to the board that the bad condition of First street is caused by there being no gutters, and recommended that gutters be made on both sides, and the bad places filled in.

The street commissioner will do the work.

To Pave an Alley.
The city engineer was instructed to prepare the necessary papers for paving with brick the first alley west of Delaware street, from Georgia to Chesapeake street, and for paving with brick the north sidewalk of Morris street, from West to Dakota street.

To Repair Bridges.
The board yesterday received bids for repairing the bridge over the canal at St. Clair street and the bridge over Pleasant street, at Pleasant avenue. The contract was awarded to H. J. Armentrout, at \$34 per thousand board measurement.

Massachusetts Avenue Finished.
C. A. Kenyon, of the Western Paving Company, yesterday morning notified the board of the completion of the Massachusetts-avenue asphalt pavement. The engineer will inspect the street and submit the assessment roll.

Can Build a Private Sewer.
The engineer reported that he could see no objection to allowing the Indianapolis Light and Power Company to construct a private sewer connecting with the Kentucky-avenue sewer, and permission was granted.

Graveling of Mississippi Street.
In the matter of grading and graveling Mississippi street, from Seventeenth to Fall creek, the board decided to have it begun at the first alley south of Seventh street.

WHENEVER I see Hood's Sarsaparilla now I want to bow and say "Thank You." I was badly affected with Eczema and Scrofula. Hood's Sarsaparilla cured me, covering almost the whole of one side of my face, nearly to the top of my head. Running sores discharged from both ears. My eyes were very bad, the eyelids so sore it was painful opening or closing them. For nearly a year I was deaf. I went to the hospital and had an operation performed for the removal of a cataract from one eye. One day my sister brought me Hood's Sarsaparilla which I took, and gradually began to feel better and stronger, and slowly the sores on my eyes and in my ears healed. I can now hear and see as well as ever." MRS. AMANDA FAIRLEY, 176 Lander Street, Newburgh, N. Y.

DIED VERY SUDDENLY.

Unexpected Death of the Wife of Rev. R. F. Foster Last Evening.

Mrs. Ellen Douglas Foster, wife of Rev. R. F. Foster, grand secretary of the Independent Order of Odd-fellows, died last night very suddenly. Since the accident on the electric line, some eighteen months since, Mrs. Foster has been an invalid, but had lately been feeling in excellent spirits, with no sign of approaching dissolution. Mrs. John Reynolds called on her yesterday afternoon, and left her in a cheerful mood and apparently without suffering. This condition was observed by the family at supper time. While alone for a short time after supper, Mrs. Foster was seized with some ailment of the heart. A general congestion followed, and from unconsciousness the lady lapsed into death. A daughter, Miss Grace, was in the adjoining room, taking a short rest. She had been up with her mother for several nights previously, and was nearly worn out. When her attention was attracted to her mother it was evident that the end was near at hand. The deceased was about sixty years of age. She was a member of the Universalist Church. Mrs. R. S. Nichols, the poetess, is a sister, and Enos B. Read is a brother. The prominence of her husband in Odd-fellowship has given her a wide acquaintance over the State.

That Sulphurous Gentleman.
Facetiously designated as "Old Nick" seems to be at the elbows of people who, day in and day out, damage their teeth with hurtful tooth-pastes, tooth-powders and washes. The recorded experience of thirty years designates Sodorant as the only real desideratum.

In Demand.
The fact that the product of the Home Brewery Company is a pure hop and malt beer has made a wonderful demand for it, and they are busy as bees filling orders. For family use it is unequalled as a summer tonic.
